PRESS RELEASE-STATEMENT

22 November 2019

Michael Oglesby CBE DL

It is with sadness to hear the news that Michael Oglesby CBE DL has died.

As a partner with the Lowry, Gaddum were fortunate enough to be supported by Michael with our work with young carers in Salford. This support gave these remarkable young people a platform to have their voices heard, building their confidence and resilience in their caring roles. One of the recent successes was the hugely popular national tour of Who Cares which gave young carers a voice to inform the wider community of their issues.

On behalf of Gaddum, our staff, trustees and service users, I offer my deepest condolences to his family at this difficult time.

Lynne Stafford, Chief Executive, Gaddum
