

...

Information for clients accessing Gaddum services.

During the Coronavirus Pandemic, here is information about our services for our clients, partners and the community.

We are continuing to offer advocacy, carers support and therapy services across Greater Manchester. All our buildings are now closed in line with Government Guidance, and all our teams are all currently based off site, and are social distancing.

For the foreseeable future following Government advice, we are working under the following measures:

- All of our services are now being provided remotely, but still working closely with clients in the best way to support them. This may be over the phone, through email exchanges and texts, or face-to-face through video calling. We will support any client who maybe struggling due to the impact of Covid19, accessing local and national resources and services as appropriate.
- All group activities and sessions are cancelled until further notice, but we are exploring ways to run groups using online services.
- Our volunteers are working remotely to support carers in Bury and Salford with telephone support.
- We are accepting referrals to all our services and re-referrals. New referrals can be emailed to us securely by password protected document, or given over the phone. **Please do not post referrals to us.** Referral forms can be found on our [website](#).

Information about our services is subject to change - Please contact us directly or follow our social media channels for the latest information.

Our telephone number is unchanged; **0161 834 6069**. (option 1; advocacy, option 2; carers support; option 3, therapy services). Our opening hours are still 9am-5.30pm, Monday-Friday. Our email address is info@gaddum.org.uk and website is www.gaddum.org.uk
